

Hizb-ut Tahrir / Wilayah Afghanistan:
Congratulates the Islamic Ummah on Eid al-Adha
(Translated)

From the land invaded by US and NATO forces, on behalf of the Shabab of Hizb-ut Tahrir and Mujahid nation of Afghanistan, we would like to wish all Dawah carriers following the methodology of the Prophet Muhammad (saw) and the Islamic Ummah an Eid Mubarak.

Assalamu Alaikum wa Rahmat Allahi wa Barakatu,

May Allah (swt) accept your prayers, sacrifice and Hajj. The Muslims of Afghanistan are suffering from brutal colonialism, corruption, killings, poverty and mischief. Every promise of the oppressive and traitor rulers has been proven wrong and therefore, the trust of the people towards the rulers has vanished. Muslims in the South and West rose against the invasion of the crusaders and in the North and East, they are struggling for the reestablishment of the Khilafah state. In these lands, all regimes and systems have been tried i.e. Communism, Democracy and Capitalism. But now, by the help of Allah (swt), through its sincere members, the call of Hizb-ut Tahrir has reached every corner of the country. The masses including the influential agree and support the call for the establishment of the Khilafah state.

The Ummah awaits this change, despite the fact that some Islamists have abandoned the method of Muhammad (saw) and accepted the way of Machiavelli. The Ummah has awakened against the Muslim puppet rulers, especially during the Syrian uprising. It has given birth to a new hope in the Ummah becoming a nightmare for the Kuffar; although, a light for the entire Ummah because they call for the implementation of Islam through the reestablishment of Khilafah State. The oppressed people of Afghanistan are a part of this global struggle for Khilafah abiding the glad tidings of the Prophet (saw). Therefore Islam will be implemented comprehensively upon the Ummah through the reestablishment of the Khilafah state and spread to the world through Dawah and Jihad.

Wa Salaamu Alaikum wa Rahmat Allahu wa Barakatu
